## the vision

The merging of various art forms  
to create one wholelistic vision is the goal.  
The use of multiple skills bridge the gap  
between ritual and sporadicity.

## about the artist

I am a visual artist named Aaron Davis,  
born and raised in Brooklyn, New York,  
specializing in Logo Design/Branding,  
Illustration and Photography. Art has been my passion  
ever since a very young age and I've had the opportunity
